

# 1<sup>ST</sup> DEFENCE VISOR

## 1<sup>st</sup> Defence Visor Assembly Instructions

The visor comes in 2 parts, the visor and the adjustable headband.

### A. Attach the visor to the headband:

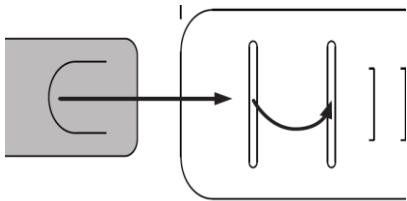

1. Lay the visor down in front of you and place the headband on top
2. Put the visor flaps through the slits nearest the centre on the headband
3. Clip both the D-shaped tabs on the visor through the square hole on the headband

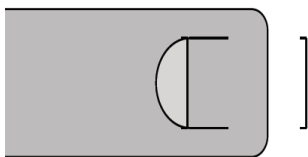

4. Repeat this process for the other side of the visor

### B. Adjust the headband to fit your head:

1. Put the thin side of the headband through the two slits on the wider side, in towards the back of the visor and then out towards you

2. Then fit the D-shaped tab into a suitable slot for your head size

The visor is now ready to wear.

If you have any difficulties assembling the 1<sup>st</sup> Defence visor, please refer to the short video on our website.
